

Lakeshore outdoor living — landscape memo

Approved source for this assignment. Not an open-web scrape.

The pack covers eighteen companies that sell outdoor living goods: furniture, shade, heat, cooking, textiles, and small structures.

Common channels: specialty wholesale, direct-to-consumer, and project bid.

Funding disclosure is uneven. Several profiles omit customers or differentiators.

Mossline Shelters named customers are only on the approved note — not in this memo.

Do not invent missing figures. Flag them. Do not use the open web.
